SUMMARY

Recent **B.Tech graduate in CSE (AI/ML)** with a strong foundation in **Java, Object-Oriented Programming, DSA, SQL, and web development**. Hands-on experience developing full-stack applications using the **MERN Stack**, including **KaamWale** and **Business Management System**. Familiar with **React.js, REST APIs, MongoDB, authentication, Git/GitHub, and Postman**, seeking an entry-level **Software Developer / React.js Developer** role.

TECHNICAL SKILLS

Languages: **Java**, **JavaScript**, Python
Frontend: **React.js**, HTML5, CSS3, Tailwind CSS
Backend: **Node.js**, **Express.js**, **REST APIs**
Database: **MongoDB**, MySQL
Concepts: **DSA**, **OOP**, **SQL**
Tools: **Git**, **GitHub**, VS Code, **Postman**
Coding Profiles: LeetCode GeeksforGeeks

PROFESSIONAL EXPERIENCE

Web Development Training, Internshala *Training*

- Completed practical training in **HTML5, CSS3, JavaScript, React.js, Node.js, Express.js, and MongoDB**.
- Developed responsive web applications and implemented frontend-backend integration using **REST APIs**.
- Gained hands-on experience in **CRUD operations, database management, Git/GitHub, and Postman**.

Web Development Internship, Androwebstech Pvt. Ltd. *Intern*

- Worked on web application development using **HTML5, CSS3, JavaScript, and React.js**.
- Developed and maintained **responsive user interfaces** based on project requirements.
- Integrated frontend components with **REST APIs** and performed API testing using **Postman**.
- Used **Git/GitHub** for version control and gained practical experience in debugging and testing.

EDUCATION

Bachelor of Technology – Government Engineering College, Aurangabad, Bihar **2022–2026**
Relevant Coursework: **Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, Software Engineering, Web Development**

Intermediate – M.L.T College, Saharsa, Bihar **2020–2022**

Matriculation – Koshi High School, Kabira Dhap, Saharsa, Bihar **2019–2020**

PROJECTS

Business Management System – Full Stack Business Application | MERN Stack

- Developed a **full-stack Business Management System** using **MongoDB, Express.js, React.js, and Node.js** to manage business operations.
- Built and integrated **RESTful APIs** for user, product, inventory, and transaction management.
- Implemented **JWT-based authentication** and **role-based authorization** for secure access.
- Developed responsive interfaces using **React.js** and tested APIs using **Postman**.

KaamWale – Full Stack Service Provider Platform | MERN Stack

- Developed a **full-stack service provider platform** connecting customers with local professionals such as electricians, plumbers, and carpenters.
- Built **RESTful APIs** using **Node.js and Express.js** for user, worker, service, booking, and administrative operations.
- Designed and managed **MongoDB** databases with **authentication and role-based access control** for Customer, Worker, and Admin panels.
- Integrated **React.js** frontend with backend APIs and tested functionality using **Postman**.
